Vitamin D Gummies

Great-tasting vitamin D₃ (cholecalciferol) gummy with an organic fruit blend

- Offers 25 mcg (1,000 IU) of vitamin D₃ (cholecalciferol) per gummy
- Promotes neurocognitive, cellular and immune health[‡]
- Supports the musculoskeletal and cardiovascular systems[‡]
- Contains no artificial colors or flavors, and less than 0.5 g total sugars per gummy
- Delicious raspberry flavor

Vitamin D Gummies provide 25 mcg (1,000 IU) of vitamin D₃ (cholecalciferol) per gummy, suitable for ages 3 and up as a delicious option to help meet daily vitamin D requirements. The vitamin D receptor is present in nearly all human cells, demonstrating the important role of vitamin D in supporting overall well-being. While it is best recognized for its ability to support bone health, vitamin D also maintains muscle function, healthy heart and blood vessels, immune function (especially in the upper respiratory tract), cognitive health, and mood balance. Despite its importance to many physiological functions, many Americans have inadequate levels of vitamin D. This may result from insufficient sun exposure, indoor living, wearing covering clothes, limited consumption of vitamin D-containing foods, dark skin color, older age, and low intake of vitamin D supplements. Numerous studies have concluded that vitamin D₃ is more effective than vitamin D₂ at improving vitamin D status. Vitamin D Gummies are delicious natural raspberry-flavored gummies with no artificial colors or flavors, and less than 0.5 g total sugars per gummy. Vitamin D Gummies are ideal for anyone 3 years and older who have difficulty or dislike swallowing capsules.[‡]
